

Rule 13 Permit Compliance Workshops Understanding and Preparing for the IDDE Evaluation

IDEM has scheduled eight workshops around the state in the month of August to help MS4 permittees prepare for the IDDE permit evaluation that will begin in early 2012. These workshops will also help us identify what additional training MS4s need in IDDE compliance. Permittees can attend a workshop at any location. Please notify the location contact person to register. These will be the only compliance workshops held prior to the evaluations; IDEM strongly recommends that MS4s attend one of the sessions. IDEM would like to thank all of the MS4s that have graciously agreed to host these workshops.

<p>Friday, August 5, 2011, 9:00 AM - 12:00 Noon</p> <p>Town of New Chicago - Lake County 122 Huber Blvd. Hobart IN 46342 Contact: Alicia Barber 219-962-1157 219-484-3460 cell watermanager@frontier.com</p>
